EUROPE RIVER CRUISES 2024

Small ship river cruising through the heart of Europe

Welcome

The great arteries of the landscape—the rivers of Europe weave together a tapestry of civilizations. Defining the borderlines of great empires and determining the settlement of pioneering cultures, the riverways have proven decisive in the evolutionary unfolding of the continent. Imposing mountain ranges, tranquil villages, and legendary cities spring from European riverbanks, all sharing in the vitality of the waters.

There is no better way to immerse yourself in the vast gamut of European heritage, culture, and tradition, than by traversing its well-travelled waterways, following in the footsteps of the poets, merchants, and explorers of antiquity.

As small ship experts, we know that our minimal guest numbers, relaxed ambience, and high level of personal service, provide the perfect setting from which to enjoy Europe's network of iconic rivers.

The small ship lifestyle brings you to the heart of each destination for an intimate look at the local life along the riverbanks. Revolutionary in design, life on board our deluxe Emerald Cruises Star-Ships, promises contemporary comfort and unique innovations, while our suite of generous inclusions delivers exquisite dining experiences, exceptional service, and handpicked immersive itineraries.

What's new for 2024

We are thrilled to introduce two new itineraries for 2024; the new 10-Day Danube Explorer & Highlights of Budapest itinerary (see pages 62-65) takes you to the heartland of Europe, with a culinary tour of Budapest, a visit to the grand Benedictine Melk Abbey, and a guided exploration of Vienna's Baroque cityscape. Plus, for a limited time, enjoy complimentary 3-night Prague extension (see pages 62-65 for more details.) Our new 11-Day Rhine Castles & Moselle Vineyards itinerary (see pages 84-87) introduces you to the captivating landscapes surrounding two of Europe's most iconic riverways, the Rhine and the Moselle, with a cruise along Utrecht's ancient canal network, a hike to the ruins of Landshut Castle, and a wine-tasting experience in the iconic surrounds of the Schloss Johannisberg estate.

We're similarly delighted to reveal the details of our 2024 Epic Voyages. These spectacular cruises combine two or three perfectly complementary itineraries so guests can extend their odyssey on the European waterways. In 2024, our 16-Day Discover the Treasures of the Danube itinerary allows you to uncover even more of this mighty riverway, journeying from Bavaria into the heart of Eastern Europe, crossing an impressive seven countries and multiple European capitals. Our 15-Day Discover the Rhine and Rhône Rivers voyage combines two of our most popular journeys, giving you the opportunity to explore two unique European landscapes.

The Danube River The Rhone River

Highlights:

Each itinerary has been carefully designed to give you the freedom to explore at your own pace.

- **The Saône:** Springing from the low mountains of the Vosges, the Saône coalesces with the Rhône in the city of Lyon. Supporting trade and commerce since prehistoric times, the peaceful banks of the Saône are home to burgundy-roofed villages, sweeping meadows, and wind-shaped Poplar trees.
- **The Rhône:** Carving through the alpine landscapes of Switzerland and France, the Rhône is the only major river flowing directly into the Mediterranean Sea. Medieval cities, ancient villages, and prosperous towns call the riverbanks home, and Gallic heritage runs through every bend of this beautiful waterway.
- **The Douro:** The famed river of the Iberian Peninsula, the Douro, flows across Spain and Northern Portugal, draining into the Atlantic Ocean from the city of Porto. One of Europe's most striking landscapes, sun-drenched vineyards, charming villages and historical landmarks pepper the banks of the river.
- **The Rhine:** Flowing from the Alps in central Switzerland and draining into the North Sea in the Netherlands, the Rhine crosses diverse and fairy tale-like landscapes. Age-old castles, medieval towns, and historic cities rise from the riverbanks, telling the centuries-old story of this vital European waterway.
- The Main: Formed by the confluence of rivers at the Fichtel and Fränkische Mountains of northeastern Bavaria, the Main River connects the Danube to the Rhine. Ancient wonders, UNESCO World Heritage-listed sites, and sweeping pastoral landscapes line the riverbanks in a distinct combination of natural beauty and quaint architecture.
- **The Moselle:** The Moselle rises on the forested slopes of the Vosges massif. Passing through western Germany, the river weaves its way through the spectacular historic architecture of fortifications and castles, charming riverside villages, and some of Germany's best-loved vineyards.
- **The Danube:** The mighty Danube is the second-longest river in Europe after the Volga. Beginning life in the Black Forest mountains of southwest Germany, along its course, it passes through 10 countries and multiple capital cities, including Budapest, Vienna, Bratislava, and Belgrade. These stunning backdrops of the riverway showcase the great variety of European cultures and traditions.

Emerald Radiance, Douro River, Portugal

What is a lock?

Europe's waterways aren't only distinctive because of their history; but also because of the terrain that can make navigation more challenging. Water locks, akin to an elevator, raise and lower ships to overcome the variations in water levels. The Rhine–Main–Danube Canal, for instance, boats 16 locks, some as deep as 90 feet and reaching a height of over 1,332 feet.

Navigating a lock

Our Star-Ships have been engineered with locks in mind, designed to fit perfectly with inches to spare. Your captain is trained for such manoeuvres, but sometimes water levels don't cooperate and, on occasion, this can lead to lock closures or difficulties passing under bridges when water levels are too high or too low. We always have a plan in place to handle navigation issues in a timely and efficient manner, with minimal disruption to your journey.

Double-docking

Cologne, Germany

Bridges

Throughout your time on board, we will sail under many different styles and fashions of bridges. On such days, we may need to close the Sun Deck for the safety of our guests. Our crew will lower the railings, and the captain's wheelhouse will be mechanically dropped to allow the Star-Ship safe navigation. But, with plentiful public spaces available throughout our Star-Ships, you'll always have somewhere to enjoy river views.

Double-docking

In popular ports, we will, on occasion, be required to dock next to other ships; this means accessing the shore via the Sun Deck, requiring you to ascend and descend stairs. This possible change will not prevent you from leaving your Star-Ship, as you catch a glimpse of your neighbouring ship walking through to embark or disembark. Your Star-Ship may dock next to another vessel overnight, and drawing your curtains at night is advised.

Your health & safety

Our commitment to our guests' health and safety remains our key priority, with hand-sanitizing stations positioned around each of our Star-Ships and enhanced cleaning. We also, continue to work closely with Cruise Lines International Association (CLIA) along with local and government agencies to ensure our protocols exceed the latest requirements.

Book your river cruise with complete confidence

River Cruise Cover

Your Emerald Cruises river cruise automatically includes peace-of-mind River Cruise Cover. Cover may be enacted in the event of a deviation to compensate you for any changes to your itinerary. Should information about potential issues be available before your departure, we will notify you and allow you to make an informed decision about your travel plans. Should the impact happen during your cruise, you will be notified by your cruise director on board that River Cruise Cover has been enacted. Once your cruise is complete, we will review the total number of days disrupted and provide you with a letter upon your return home with the amounts that can be claimed and details of the claims process. We appreciate that you've invested a lot of time and funds for your holiday with us, so we want to ensure that we provide you with peace of mind when travelling with Emerald Cruises.

Knowledgeable crew

Helpful information

Water levels

Cruise itineraries may vary if high or low water levels, flooding, lock closure, unscheduled vessel maintenance, or any other unforeseen, uncontrollable circumstances require us to make alterations. If sailing isn't possible, we'll minimize the impact this has upon your holiday by making alternate arrangements for the duration of the itinerary. This could mean arranging coach transfers, organizing ship swaps, providing hotel accommodation or finding alternative attractions to visit – all of which are weather dependent.

Sun Deck

The Sun Deck's operational hours may be limited due to the passage through low bridges or other restrictions by local authorities. This may mean that the deck is completely closed for a period of sailing time on certain rivers.

Health & Vaccinations

Health facilities, hygiene, and disease risks vary worldwide. To ensure your safety throughout your cruise, seek advice regarding your specific health requirements as early as possible. Further information can be found at

travel.gc.ca/travelling/health-safety/vaccines. If you have any pre-existing medical conditions or mobility difficulties, you should inform us at the time of booking.

Travel Insurance

We strongly advise you to take out adequate and appropriate travel insurance, including cover against loss of deposit or cancellation fees. Please read your policy details carefully and take them with you on your cruise. It's your responsibility to ensure that the cover you purchase is suitable and adequate for your needs and the cost of your holiday.

Mobility

Emerald Cruises welcomes disabled guests but wishes all guests to be aware of the limitations that could exist both on board and during shore excursions. The elevators on our ships service three out of four decks, with the Sun Deck only accessible via stairs. Under appropriate circumstances, guests are welcome to use collapsible wheelchairs on board. Many tours require the use of coaches, meaning guests need to be able to climb up and down the stairs to board. Some shore excursions may require movement over cobblestones or up and down stairs; accordingly, guests with limited mobility will require the services of a responsible companion to be travelling with them, since crew availability is limited. If you have any medical, physical, or other special needs, please contact our travel advisors for further information.

On board currency

On board, any accounts can be payed in cash using Euros, or transactions can be made by either debit or credit card payment.

Clothing

We recommend casual and comfortable clothing. For sightseeing and walking tours, we advise comfortable footwear. In winter, a warm coat will be required, as will gloves and water-resistant shoes. Dinner is an informal affair; relaxed eveningwear is perfect. On certain evenings, such as the Welcome and Farewell Dinners, guests may like to wear more formal attire.

Wi-Fi

Wi-Fi connection, availability, and speed will vary depending on the ship's position and the number of connected users. Wi-Fi can be slow to use, and there may be occasions when no signal is available.

Plug sockets and voltage

On board electricity is 220v and a European plug adaptor will be needed to use electrical items. All rooms have a hair dryer.
